SUPPLIES OR SERVICES AND PRICES/COSTS**B.1 SUPPLIES AND/OR SERVICES TO BE FURNISHED (1852.210-72)(DEC 1988**

The Contractor shall provide all resources (except as may be expressly stated in this contract as furnished by the Government) necessary to perform and provide:

"Utilization and Mission Support" (UMS)

(End of clause)

B.2 ESTIMATED COST AND AWARD FEE(1852.216-85)(SEP 1993)

- (a) The estimated cost of this contract is \$ 80,899,622.00
 (b) The maximum available award fee is \$3,818,240.00. Total estimated cost and maximum award fee are \$84,717,862.00.
 (c) Breakout of contract cost and fees is as follows:

<u>Period Covered</u>	<u>Estimated Cost</u>	<u>Maximum Award Fee</u>	<u>Unearned Award Fee</u>	<u>Total Contract Value</u>
8/19/96 - 8/31/97	\$28,733,501	\$1,382,586	(\$74,545)	\$30,041,542
9/01/97 - 8/31/98	\$27,970,846	\$1,345,902		\$29,316,748
9/01/98 - 8/18/99	\$24,195,275	\$1,164,297		\$25,359,572
Total	\$80,899,622	\$3,892,785	(\$74,545)	\$84,717,862

(c) Estimated cost and fees applicable to each option period are set forth below.

<u>Option No.</u>	<u>Period Covered</u>	<u>Estimated Cost</u>	<u>Maximum Award Fee</u>	<u>Unearned Award Fee</u>	<u>Total Contract Value</u>
1	8/19/99 - 8/18/00	\$17,110,002	\$823,495		\$17,933,497
2	8/19/00 - 8/18/01	\$15,804,438	\$760,697		\$16,565,135

(End of clause)

B.3 AWARD FEE FOR SERVICE CONTRACTS (1852.216-76) (SEP 1993)

(a) The contractor can earn award fee from a minimum of zero dollars to the maximum stated in NASA FAR Supplement clause 1852.216-85, "Estimated Cost and Award Fee" in this contract.

(b) Beginning 6 months after the effective date of this contract, the Government shall evaluate the Contractor's performance every 6 months to determine the amount of award fee earned by the contractor during the period. The Contractor may submit a self-evaluation of performance for each evaluation period under consideration. These self-evaluations will be considered by the Government in its evaluation. The Government's Fee Determination Official (FDO) will determine the award fee amounts based on the Contractor's performance in accordance with "MSFC CPAF Evaluation Plan for General Mission Services". The plan may be revised unilaterally by the Government prior to the beginning of any rating period to redirect emphasis.

(c) The Government will advise the Contractor in writing of the evaluation results. The Contracting Officer will issue a unilateral modification to the contract that will recognize the award fee earned. The Contractor is not required to submit a separate voucher for earned award fee. The MSFC payment office will make payment based on the unilateral modification.

(d) The amount of award fee which can be awarded in each evaluation period is limited to the amounts set forth at Article B.4 Award fee which is not earned in an evaluation period cannot be reallocated to future evaluation periods.

(e) Award fee determinations made by the Government under this contract are not subject to the Disputes clause.

(End of Clause)

B.4 AWARD FEE AND PAYMENTS OF FEES

(a) Award Fee Evaluation

(1) The Contractor's performance hereunder shall be evaluated semiannually (or at intervals to be fixed by the Fee Determination Official) by the Performance Evaluation Board composed of individuals appointed by the MSFC Center Director. This Board, after evaluating Contractor performance, will report findings and recommendations to the Fee Determination Official. This Official will determine whether, and to what extent, the Contractor's performance for the preceding six months warrants payment of a prorata share of the potential award fee provided for in Section B.2 of this contract entitled "Estimated Cost and Award Fee."

(2) Evaluations by the Performance Evaluation Board shall be in accordance with "MSFC CPAF Evaluation Plan for General Mission Services".

(3) The Performance Evaluation Board report of findings shall be in writing and shall be furnished to the Contractor by the Contracting Officer. The report of findings shall set forth the reasons for concluding that the award fee was or was not earned, so that the Contractor will know those areas of its operations which are exemplary of which require improvement. Fee Determinations by the Fee Determination Official shall not be subject to the "Disputes" clause of this contract and shall be final, except that nothing in this clause shall be construed as making final the decision of the Fee Determination Official on a matter involving a question of law.

(4) The award fee shall be subject to the limitations set forth in the "Limitation of Funds" clause of this contract.

(b) Payment of Fees

(1) This contract contains no base fee.

(2) Fifty percent (50%) of the potential award fee shall be provisionally paid to the Contractor in periodic installments based upon percentage of work completed as determined by the Contracting Officer. In the event that the actual award fee, as determined by the Fee Determination Official, is less than the provisional payment, the Contractor will either reimburse the difference or credit the next payment voucher for the amount of such overpayment.

(3) Award fee that is determined to be payable by the Fee Determination Official under this contract shall be in addition to the base fee, if any, and shall be payable upon notice of award to the Contractor from the Contracting Officer and submission of an invoice or public voucher by the Contractor.

(4) In the event this contract is terminated prior to a regularly scheduled semiannual award fee determination, the award fee to be paid the Contractor shall be an appropriate portion of the potential award fee, if any, as may be determined by the Fee Determination Official.

(5) The amount of award fee which has been awarded pursuant to this clause on the period to which said fee applies is set forth below.

<u>Award Fee Period</u>	<u>Amount</u>
August 19, 1996, through February 28, 1997	\$461,746.00

(End of Clause)

B.5 PREMIUM FOR SCHEDULED OVERTIME (MSFC 52.222-93)(AUG 1988)

Pursuant to the clause entitled "Payment for Overtime Premiums," the amount of overtime premium authorized shall not exceed the amount specified below for the indicated period.

<u>Amount</u>	<u>Period</u>
\$25,038	August 19, 1996 - August 18, 1997
\$27,476	August 19, 1997 - August 18, 1998
\$23,416	August 19, 1998 - August 18, 1999
\$19,281	August 19, 1999 - August 18, 2000 (Option 1)
\$15,504	August 19, 2000 - August 18, 2001 (Option 2)

(End of Clause)

STATEMENT OF WORK
ADDENDUM 1
CONTRACT NAS8-44000

The following paragraphs are revised (changes in bold italics) and replace corresponding paragraphs in Section J-1 of Contract NAS8-44000:

1. UMS MISSION STATEMENT

“The contractor’s mission is to manage, be responsible for, and provide services to meet the requirements of the Mission Operations Laboratory (MOL) and its customers. The mission services in this contract include systems engineering, design and development, activity preparation, operations, hardware and software maintenance, and verification within MSFC facilities and capabilities in support of ground and flight operations. The facilities include the Huntsville Operations Support Center (HOSC) and related systems, and the Payload Crew Training Complex (PCTC)/ Utilization Development Capability (UDC), ~~and the Distributed Active Archive Center (DAAC)~~, which are used in support of Space Transportation System (STS), Spacelab, International Space Station Alpha (ISSA), Advanced X-Ray Astrophysics Facility (AXAF) and Earth Observation Systems (EOS) programs. In performing this mission, the contractor shall:.....”

2.1 Management

ADD FOLLOWING PARAGRAPHS:

YEAR 2000 COMPATIBILITY - The items or services acquired under this contract are required to include accurate processing of the date and date-related data (including but not limited to calculating, comparing, and sequencing) by all hardware and software products delivered under this contract, individually and in combination, upon installation. This also includes the manipulation of data with dates prior to, through, and beyond January 1, 2000, and shall be transparent to the user.

Hardware and software products provided under this contract shall, individually, and in combination, successfully transition into the Year 2000 with the correct system date, without human intervention, including leap year calculations. Such products shall also provide correct results when moving forward or backward in time across the Year 2000 or subsequent years.

2.1.8b Contract Administration

"b. Provide on-line access to contract administration information and data through the management information databases to the Contracting Officer and designated personnel. The management information databases shall provide the capability to track costs by specific contract change orders ***through definitization.***"

2.1.9b Procurement

"b. Provide, implement, and maintain a procurement system compatible with the contractor's financial management system. The system shall track the status of individual procurements from purchase request, through purchase order or contract and delivery. The system shall ***be accessible to the COTR and COTR-designated personnel.***"

3.3 MSFC DISTRIBUTED ACTIVE ARCHIVE CENTER (DAAC)

Delete section in it entirety.

DATA REQUIREMENTS DESCRIPTION (DRD)

1. DPD NO.: 815 ISSUE: Basic
2. DRD NO.: **815CD-003**
3. DATA TYPE: 3
4. DATE REVISED: 08-18-97
5. PAGE: 1/1
6. TITLE: Employee Location Listing
7. DESCRIPTION/USE: To assist NASA in conducting contractor floor checks.
8. OPR: GP24 ODM: EO01 9. CDRM: EL32
10. DISTRIBUTION: Per Contracting Officer's letter
11. INITIAL SUBMISSION: Fifteenth of month following first month of operation after Authority to Proceed (ATP)
12. SUBMISSION FREQUENCY: Update quarterly. If deemed necessary by the Contracting Officer, the contractor shall submit the list at times other than stated.
13. REMARKS: Reference is made to FAR 52.215-2, *Federal Acquisition Regulation* Clause: Audit - Negotiation.
14. INTERRELATIONSHIP: SOW paragraph 2.1.7
15. DATA PREPARATION INFORMATION:
 - 15.1 SCOPE: The Employee Location Listing shall provide NASA with a list of all on-site and off-site contractor employees working under this contract and their designated locations.
 - 15.2 APPLICABLE DOCUMENTS: None
 - 15.3 CONTENTS: The list shall include the following information for each employee: employee's name, phone number, fax number, e-mail address, company affiliation, and location (building/room number).
 - 15.4 FORMAT: Contractor format is acceptable.
 - 15.5 MAINTENANCE: None required

99350 Park Attendant (Aide)	\$ 7.46
99400 Photofinishing Worker (Photo Lab / Dark Room Technician)	\$ 7.45
99500 Recreation Specialist	\$ 10.76
99510 Recycling Worker	\$ 7.34
99610 Sales Clerk	\$ 7.45
99620 School Crossing Guard (Cross- walk Attendant)	\$ 6.16
99630 Sports Official	\$ 7.45
99658 Survey Party Chief	\$ 10.17
99659 Surveying Technician	\$ 8.58
99660 Surveying Aide	\$ 6.26
99690 Swimming Pool Operator	\$ 8.42
99720 Vending Machine Attendant	\$ 7.34
99730 Vending Machine Repairer	\$ 8.42
99740 Vending Machine Repairer Helper	\$ 7.34

**** Fringe Benefits Required For All Occupations Included In
This Wage Determination ****

HEALTH & WELFARE: Life, accident, and health insurance plans, sick leave, pension plans, civic and personal leave, severance pay, and savings and thrift plans. Minimum employer contributions costing an average of \$2.56 per hour computed on the basis of all hours worked by service employees employed on the contract.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years; 4 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 4.173)

HOLIDAYS: Minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

1/

Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See 29 CFR 4.156)

2/

APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$4.25 per week (or \$.85 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

Source of Occupational Titles and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Second Supplement, dated August 1995, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

**REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE
{Standard Form 1444 (SF 1444)}**

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed

by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

**SMALL BUSINESS AND SMALL DISADVANTAGED
BUSINESS CONCERNS SUBCONTRACTING PLAN**

ATTACHMENT J-6

SMALL BUSINESS AND SMALL DISADVANTAGED BUSINESS CONCERNS SUBCONTRACTING PLAN

1.0 INTRODUCTION

Lockheed Martin is dedicated to increasing subcontracting opportunities for small business and small disadvantaged business (SB/SCBs). Our SB/SDB subcontracting plan satisfies the requirement of Public Law 95-507, as implemented by the Office of Federal Procurement Policy (OFPP) Letter 80-2, Federal Acquisition Regulation (FAR) Part 19.704, FAR clause 52.219-9, and NASA FAR Supplemental clause 18-52.219-73. The term "SDB" includes woman-owned businesses.

2.0 GOALS IN TERMS OF DOLLARS AND PERCENTAGES (FAR 52.219-9(D)(1) AND (2))

Lockheed Martin's goal for SB/SDB subcontracting is to award 35% or more of the total estimated contract value to small businesses, of which, at least 15% of the total estimated contract value will be awarded to SDBs. These percentages amount to the following for each contract period:

	SB	SDB
Three Year Base Period	\$29.7M	\$12.7M
Option Year One	\$6.3M	\$2.7M
Option Year Two	\$5.8M	\$2.5M

3.0 PRINCIPAL TYPES OF SUPPLIES AND SERVICES (FAR 52.219-9(D)(3))

NTI, a small business (SB) located in Huntsville, AL, has principal responsibility for EHS development, and operations and maintenance. bd Systems, a small disadvantaged business (SDB), also located in Huntsville, will perform hardware/software verification and acceptance testing for upgrades and new systems. Further, we will use subcontracts for services, equipment and materials, as well as utilize other direct and indirect subcontracting opportunities, to meet NASA's SB/SDB goals. These other opportunities include, when appropriate, security services, travel management, support services and facility utilization. The Mission Suitability volume describes in great detail the effort hereunder which Lockheed Martin has assigned to NTI and bd Systems.

4.0 METHODS USED TO DEVELOP GOALS (FAR 52.219-9.(D)(40))

The challenging SB/SDB goals set by the Government made clear that a substantial portion of the work to be performed had to be done by SB/SDB team member/subcontractors. We realized that subcontracting equipment, materials and services alone could not meet the RFP requirement.

5.0 METHODS USED TO IDENTIFY POTENTIAL SOURCES (FAR 52.219-9(D)(5))

Lockheed Martin's structured process for selecting subcontractor team members is quite flexible, and is driven by the nature of the customer's requirements and the culture of the project's environment. For this project, Lockheed Martin sought the counsel of the customer and other knowledgeable sources in the MSFC-Huntsville environs. Lockheed Martin did an intensive analysis of the competitive field, including as assessment of the caliber and qualifications of potential SB/SDB partners currently performing as MSFC prime subcontracts. After evaluation of the capability, project incumbency and performance record of the most attractive such companies, it became clear that NTI, of Huntsville, AL, had no equal as a prospective subcontractor/partner for the UMS project.

NTI, as the well-regarded, high-performing incumbent for a very large portion of the present UMS work, had no peer as a potential partner. Discussions at the highest levels of Lockheed Martin and NTI lead to a conclusion that the company cultures and capabilities matched well, for purposes and performing the UMS project. There is now in place a Teaming Agreement between the parties. Thus, NASA is assured of the dedication of the Lockheed Martin/NTI team to perform this project to the highest satisfaction of the customer. NTI's incumbency in EHS development, mission planning and operations, and maintenance support gives NASA assurance of risk-free mission/flight support during transition. This is a critical capability held only by the Lockheed Martin/NTI team.

By a similar process of reviewing the capability of SDBs in the Huntsville, AL area, we concluded that bd Systems, Inc., could fill a niche role in our program. They principally will be responsible for hardware/software verification and testing. Other support effort may be performed, if assigned.

6.0 OTHER-THAN-DIRECT COSTS (FAR 52.219-9(D)(6))

Indirect costs are included in our goals for this project, our travel management, facilities leases and management, security, and logistics, technical publications and other administrative support which will be provided through indirect cost pools and "other than direct" cost redistribution, will be performed to the greatest extent possible by SB/SDBs. These costs will be included in our SB/SDB subcontract awards data delivered in accordance with the terms of the prime contract.

7.0 PLAN ADMINISTRATION (FAR 52.219-9(D)(7))

This SB/SDB Plan will be administered by the Lockheed Martin UMS Program Support Office manager, whose duties are to:

- Develop and maintain bidders' lists of SB/SDB concerns from all possible sources
- Ensure the procurement packages are structured to permit SB/SDB concerns to participate to the maximum extent possible
- Encourage the inclusion of SB/SDB concerns in all solicitations for products or services which they are capable of providing
- Ensure periodic rotation of potential subcontractors on bidders lists
- Ensure the establishment and maintenance of records of solicitations and subcontract award activity
- Attend or arrange for attendance of company counselors at business opportunity workshops, minority business enterprise seminars, trade fairs, etc., as appropriate
- Monitor attainment of proposed goals
- Prepare and submit periodic subcontracting reports when requested
- Participate as appropriate during the conduct of compliance reviews by Federal agencies
- Closely monitor costs incurred by principal SB and SDB team member/subcontractors

8.0 EFFORTS TO ASSURE EQUITABLE OPPORTUNITIES (FAR 52.219-9(D)(8))

Lockheed Martin will develop source lists of capable, experienced SB/SDB suppliers and subcontractors for providing equipment, materials and services. We will also utilize the resources of the MSFC Small Business Office, Small Business Administration, trade publications, local area business associations and minority networks to augment our own source list. Outreach activities will be conducted to acquaint local SB/SDB contractors with opportunities available in the UMS project, and acquire capability/performance information from these candidates. Procurements will be structured to assure SB/SDBs have equitable opportunities to compete.

As necessary, SB/SDB databases available in other parts of the Lockheed Martin Company will be utilized. Lockheed Martin's UMS technical and business personnel will be continually made aware of SB/SDB goals, and progress in meeting them.

9.0 SUBCONTRACTING REQUIREMENTS (FAR 52.219-9(D)(7))

The clause entitled "Utilization of Small Business Concerns and Small Disadvantaged Business Concerns" will be included in all subcontracts which have subcontracting opportunities. All subcontractors receiving subcontracts valued in excess of \$500,000 will be required to comply with a subcontracting plan similar to this one. Additionally, all subcontracts, regardless of dollar value, which appear to have subcontracting opportunities, will include a requirement for the reporting of second-tier SB/SDB awards.

10.0 COOPERATION AND REPORTING (FAR 52.219-9(D)(10))

Lockheed Martin is currently reporting on SB/SDB performance-toward-goals on all major contracts presently being performed. Lockheed is well versed and experienced in the preparation and submission of Standard Forms 294 and 295. Additionally, the NASA contracting officer will receive monthly reports of company progress toward meeting the SB/SDB goals contained in the contract. Further, Lockheed will assure that appropriate reporting required by FAR 52-219-9 (d)(9), above, will be performed by subcontractors. Lockheed Martin also agrees to cooperate fully in any studies or surveys the Government may request.

11.0 TYPES OF RECORDS (FAR 52.219-9(D)(11))

Lockheed will maintain at least the following types of records to document compliance with our subcontracting plan:

- SB/SDB source lists, vendor guides, and other documentation which identifies such companies
- Organizations we network with in locating sources
- Contract files on each award over \$100,000, which documents whether SB/SDBs were solicited, and fully records the evaluation and selection process
- Records of outreach activities with trade associations, business development organizations, and records of participation in trade fairs, conferences and symposia
- Records of internal activities to guide and encourage technical and procurement personnel through workshops, training and seminars
- Records will be kept indicating subcontractor names, addresses and business size.

12.0 IMPLEMENTATION

In order to effectively implement this plan to the extent consistent with efficient contract performance, we will perform the following functions:

- Assist small business and small disadvantaged business concerns by arranging solicitation time for the preparation of bids. Quantities, specifications, and delivery schedules to facilitate the participation by such concerns. Where the list of potential small business disadvantaged business subcontractors is excessively long, reasonable effort will be made to give all such small business concerns an opportunity to compete over a period of time
- Provide adequate and timely considerations of the potential of small business and small disadvantaged business concerns in all "make-or-buy" decisions
- Counsel and discuss subcontracting opportunities with representatives of SB/SDB firms.
